The Santander Group has more than 150 years' experience in banking, and more branches worldwide than any other international bank.

Charges made by the Company will normally be deducted from the balance of your account except where the transaction effects closure of the account. In this case the charge will be deducted from the closing balance prior to repayment. Where charges have been deducted by third parties (e.g. banks involved in the remittance of funds of your account) the sum received by the Company will be net of these charges and the Company will not be liable for the reimbursement of the charges.

Note: Other banks and/or agents may levy charges on transactions. Alliance & Leicester International Limited cannot influence and is not liable for any such charges, which are for the customer's account.

Santander is able to provide literature in alternative formats. The formats available are: large print, Braille and audio CD. If you would like to register to receive correspondence in an alternative format please give us a call and ask the adviser to fill in the 'SDST Customer Registration' form.
