Our Terms & Conditions apply. All rates are variable unless otherwise stated. AER means the Annual Equivalent Rate which is a notional rate illustrating the contractual rate as if paid and compounded on an annual basis. **Minimum balances:** The lowest figure advertised for each type of account is the minimum opening balance for the type of account. Should the capital balance of your account fall below the minimum opening balance, a zero interest rate will be applied until the minimum opening balance is restored, unless otherwise stated.
